

Vision

MATRIX offers a PPO vision care plan through [Aetna](#). Aetna has a nationwide network of optometrists and ophthalmologists designed to provide regular eye examinations and benefits toward vision care expenses, including glasses and contact lenses, through the participating doctor who provided the last covered eye examination. You may view their network of providers and learn more about the coverage by visiting their website at [Aetna.com](#).

Standard Eye Exams, Glasses and Contact Lenses

Well vision examinations, spectacle lenses are covered once every 12 months (from your last date of service).

- Frames are covered once every 12 months.
- Well vision exam \$20 co-pay, materials \$25 co-pay.
- \$150 allowance for either contact lenses OR frames. Though Aetna offers a wide selection of approved frames, not all frames are covered in full. You will incur additional charges if you select a frame that exceeds the plan's allowance.

You may speak to your vision care provider on how to maximize your vision coverage.

The preceding information has been a brief illustration of coverage only. The employee benefit booklet contains a complete plan description. If there is a discrepancy between the illustration and the benefit booklet, the benefit booklet prevails.
